# Dredging – Rhine Channel

- POLB Middle Harbor Fill Site anticipates needing Rhine Channel material in ~August 2011.
- Design plans are 99% complete.
- City and Anchor QEA met with POLB in December to discuss next steps.
- Construction bid will be released after the Memorandum of Agreement is signed between City and POLB.
  - Working on Agreement now. Signed in next few weeks?
  - Possible bid release February 2011?
- And.....
  - Coastal Commission hearing today.... Project was **APPROVED** on the Consent Calendar !!
    - Big thanks to the team at Anchor QEA.

# Dover Shore Dredging

- Contractor: Britton Industries
- Project Status: 50% complete
  - About 38 loads disposed to date (barge capacity is ~300 cy)
- Anticipated Project Completion: ~mid February, as planned
- Vessel coordination orchestrated by Dave New who has done a great job with moving boats in and out of slips during dredging.

# Log Boom Deployed Just in Time

- Tremendous force on the boom...and it held!... thanks to Chuck South's planning and boom maintenance.
- Lots of plastics and organic debris.

- Coordinated effort between water and land based equipment (Chuck South and City).
- Approximately 35 tons of debris.
- Material will dry on N. Star Beach for a few weeks, then be hauled off to the dump.

# Harbor Lines

- City letter sent to the Corps requesting:
  - Clarification on process to change Harbor Lines to reflect current practice.
  - Letter forwarded to Corps expert in San Francisco.
  - This will also guide us for further decisions regarding vessel overhang.
